- tracfix optional: the continuous lateral cover guidance system that leaves no gap between the cover and guide tracks – gives improved wind stability and a cleaner appearance
- option of a silentec motor – motor noise is appreciably reduced
- tried-and-tested tensioning system with drive belts and integrated gas pistons – delivers optimum cover tension – in any phase of extension
- the broad range of brackets with patented clip-on system offers individual fixture solutions
- can be combined with vertical cassette markilux 776 / 620 tracfix / 625 tracfix
